BRIGHT HOUSE NETWORKS BEGINS NEW 6-WEEK SUMMER DAY CAMP AT IPS SCHOOL NO. 51 TODAY

INDIANAPOLIS (Monday, July 2, 2007) – Starting today, Bright House Networks employees will engage nearly 30 school-age children a day and help staff a new six-week summer day camp at James Russell Lowell School No. 51.

The summer day camp, underwritten by Bright House Networks and coordinated in partnership with Indianapolis Public Schools and Indy Parks and Recreation, begins at 8:30 a.m. each day and ends at 4:30 p.m. at the school, located at 3426 Roosevelt Ave.

Daily on-site activities for campers in grades 1 through 6 will include arts, computer instruction, games, physical education and more while off-site, campers will include swimming, golf, field trips and more.

“Two Bright House Networks employees each day will volunteer to help staff this new and important venture,” said Othor “Al” Aldridge, director of public affairs at Bright House Networks who spearheaded the creation of the summer day camp at the school. “We have 20 employees who will volunteer throughout the course of the summer and that says a lot about the type of people who work at Bright House Networks. They are, as the company is, dedicated to the lives of our community’s youth.”

Bright House Networks employees will be joined by IPS staff members and employees of Indy Parks and Recreation to lead the program.

This week, two activities will prove to be fun, interactive and informative.

At 11 a.m. Tuesday, Bright House Networks will teach campers about the importance of Internet safety, teaching them what to watch out for online, chat room safety, safe and fun browsing and online resources for quality education, information and entertainment.

And at 12:30 p.m. Friday, campers will travel to the Bright House Networks offices at 3030 Roosevelt Ave. for Career Day, which will include a tour of the digital video, high-speed Internet and digital voice provider’s operations and be able to learn more about the company’s employees and their job responsibilities.

There will be no summer day camp on the Fourth of July holiday.

Bright House Networks backs this new summer day camp as part of its ongoing Bright Kids Network initiative. To enhance its resolve to be a community leader that provides developmental support and new opportunities for Indiana youth, Bright Kids Network is an umbrella program that encapsulates many

youth-oriented programs that Bright House Networks has implemented and continues to sponsor in the Indiana communities it serves, including central Indiana and in Marion, Ind.

Bright House Networks Indiana is one of central Indiana's leading digital video, high-speed Internet and digital phone service providers and has served the Indianapolis community for more than 24 years. Managed by Advance / Newhouse Communications, Bright House Networks is a privately held company. In Indiana, Bright House Networks has more than 450 Indiana employees and provides services to more than 120,000 customers in Indianapolis, Carmel, Zionsville, Avon, Pittsboro, Lizton, Fortville and Marion, Ind.
